### Winter Rifle Leagues 2022-2023

Dear Dorset rifle league supporter,

Thank you for your continuing support and for submitting your entries to the Winter 2022-23 season. Despite the unfortunate demise of Sherborne RC, entries have held up reasonably well compared to last Winter, with a similar number of shooters and entries. Having said that, numbers are still well down from pre-pandemic levels.

Enclosed are the stickers for your club, league tables and deadline dates for each competition. If you find any errors, please contact me immediately. Please be aware that your team members may not be as submitted, as teams are based on current league averages.

Our transition to local scoring for the summer season went well, and so we will make switch permanent for most competitions. The exceptions will be handicapped competitions and the County Championship, all of which will still be scored centrally.

Every Club should have a copy of the Dorset Prone Rifle Rules that govern leagues, please make sure that you are conversant with them. Don't get disqualified because you did not work according to the rules. Rules may be downloaded from the Competitions section of our website ([www.dorset-sbrpa.org](http://www.dorset-sbrpa.org)).

Results for all competitions will be published on the website and sent by email to all league contacts.

Any problems, please just contact me. Let's all hope that we manage to get a Winter season un-interrupted by pandemic, lock-downs and range closures.

Best regards and good shooting,

Dave
